## How to stay safe: Physical Distancing

The government wants everyone to do **physical distancing** if they have to go outside to help stop **coronavirus** from spreading.

**Physical distancing** means trying to stay about 2 arms length away from other people.

This is about the same space as if you had a broom between you.

People doing **physical distancing** can go for a walk if they stay away from other people.

If you have to go to a store, you might wait to get in, and you will have to stand far from other people in line.
